

Resource Reminder

Need help getting affiliate sites to run resident reports out of RMS? Share [this link](#) with sites for information on:

- what is RMS
- what is MMCGME
- how to run reports about who is coming to your site and
- how site staff can get training.

Data & Documentation Standard

As a reminder, the majority of hospital sponsors within MMCGME require data and documentation to participate in rotations at their sites to ensure programs and hospitals are entering required data and documentation into RMS. This way, hospitals and sites may access and rely on accurate and consistent information in RMS. Our standard intends to facilitate ease of trainees' rotations to various clinical sites and to reduce the administrative burden on site coordinators, program coordinators and trainees, thus preventing unnecessary delays in beginning training.

Please review the [Data & Documentation Standard here](#). If you have questions about entering information into RMS, please contact RMSHelp@umn.edu.

Coordinator Conference Series

This year MMCGME is hosting a virtual conference series due to the pandemic. Watch for a series of bi-monthly 60-90 minute virtual conference events.

Each event will be recorded and act as a resource library going forward. Join us for [Professional Development 2.0-Leading in a Pandemic](#) with [Juanita Harris-Braxton, PhD, EdS, MBA](#), Senior Medical Education Administrator at UC Davis Health System.

Watch [this page](#) for more details or to view the video from the June session on Virtual Interviewing!

Special thanks to Sandra Immerman, Jasmine Jackson & Sarah Sexton for sharing their experiences!
