Block Schedules & Gaps

RMS Block Schedules and Duty Hour logs must be updated, approved, and accurate through the last day of the month. FTE reports are generated on the 5th working day of the following month (ie. July FTE report will be generated on Friday, August 6th).

Programs on duty hour protocol, please follow up with your residents and fellows to ensure that they enter and approve all RMS Duty Hour log entries by the deadline.

Schedule Block Gaps...

Review trainee block schedules for any primary rotation information which may be missing (ie. New Resident Orientation).

Missing data effects accurate IRIS reporting.

Contact MMCGME services for assistance.

Naming Standards & Required Documentation

The standards streamline trainee rotations and documentation for hospital onboarding with the goal of reducing redundancies and administrative burden on program administrators, program/site coordinators and trainees. Each ensures programs and hospitals are entering required data and documentation into New Innovations' Residency Management Suite (RMS) and that hospitals are able to access and rely on accurate and consistent information in RMS,

Data and documentation required by MMCGME sponsored sites can be found on the [MMCGME website](#).

Coordinator Corner...

What's the Pod Squad?

Love podcasts and can't stop listening to them or talking about them? If so, join us for The Pod Squad. It's like a book club but for podcasts! The Pod Squad is brought to you through a joint effort of the MMCGME Operations Committee & the UMN Coordinator Advisory Work Group.

Tune in and join us on August 25th for [WorkLife - The Science of Productive Conflict](#). For more information, [click here](#)! Please RSVP by August 24th, 2021.

If you would like to share encouragement, ideas, or techniques with the coordinator community, please forward an email to prime025@umn.edu.
