ISSUE 07 - JULY 2017 NEWSLETTER

New Innovations Updates

Evaluation Updates:

Updates have been made to rectify issues that existed regarding the signing of evaluations.

- Subjects and their advisors are only asked to sign evaluations that they are permitted to see.
- No signature rules are permitted for subjects and their advisors if completed evaluations are hidden from them.
- An option to hide the evaluation from subject and subject advisors has been removed from rotation evaluation sessions.
- Signature and Anonymity settings have been paired up in the sessions configuration on the Forms tab.

Duty Hours:

All new rules are in New Innovations and were ready to go as of July 1st.

Two new duty types are now available: **Exceptional Circumstance** and **Work from Home**.

Individual GME offices are responsible for decisions on how the new rules are used within their programs. If your GME office would like to use the new duty types, please contact [RMS Help](#).
