New Innovations Updates

Preparing for 2017 Duty Hour Rules

With the impending July 1 deadline to support the ACGME revisions to the Clinical Experience and Education (formerly Duty Hours) requirements for 2017, you will begin seeing changes within the New Innovations software, including a new ACGME 2017 rule set.

While there is more work to be done, you may continue to log hours as you normally would and begin familiarizing yourself with the new 2017 rule set, which will take effect on July 1. As a reminder, 2011 rules are still in effect until that date. Following this transition and as you begin enforcing the new rule set, you still will be able to run reports on pre-July 1 data based on the 2011 rules.

You do not need to take action at this time. Full details will be provided at a later date as New Innovations gets closer to completion.

Resident Training

Below are links to training guides to assist you in familiarizing new residents and fellows with RMS. If you would like a member of the MMCGME Services team to do the training for you, please contact us at RMSHelp.umn.edu and we would be happy to schedule that with you.
