

# MMCGME Services

## March 2019 Newsletter

### Did you know?

Do you use subcompetency questions in your evaluations? Now, instead of the "N/A" option being displayed, the ACGME published language will now be used. For example, what was previously displayed as "N/A" will now be "Not Observed" or "Not Yet Rotated".

### RMS Training

Sign up for RMS Training!

- Select your preferred date
- Tell us what training you want
- Registration form can be found on our [website](#).

As always, if the available days/times do not work for you, please email us at [RMSHelp@umn.edu](mailto:RMSHelp@umn.edu). We can come to your site as well.

### Contacting RMS Help?

Sending an email to [rmshelp@umn.edu](mailto:rmshelp@umn.edu) for an issue you are having? There are some items you may want to include so that we are able to resolve your problem as quickly as possible.

- Evaluation question? Be sure to let us know the name of the session, and, if applicable, the interval. If you are working on a form please tell us the complete name of the form.
- Need to add faculty to RMS? Fill out our [form](#) so that we have all of the information we need to add them. If you send us an email we need to know the following: the new users email, which program to house them under, what status they need to be, and what they need access to.

Other helpful tips.

- If you have multiple people that you need to archive, please send us a list of names rather than filling out our [form](#). Likewise, if you have multiple rotations to archive just send us a list.
- Send us a screenshot of what your are seeing. Or, if you are referring to an email New Innovations sent you or someone else, please send us a copy.
- If you call our helpline and we are unable to answer your call, please be sure to leave us a message or send us an email. We will get back to you as soon as possible.

### We Want to Hear from You!

Have you started using a feature in RMS that has been a lifesaver for you? Is there a neat tip that you think might help other RMS users? Or is there a topic you want us to cover here? Let us know! We want this newsletter to be helpful for you, so please let us know what you would like to see. Fill out this [form](#) to let us know what's on your mind!

### Save the Dates

Mark your calendars for two upcoming events.

- The 7th Annual Resident & Fellow Quality Forum will be held on Wednesday, May 29th.
- The 2019 GME Coordinator Conference will be held on Friday, September 13th.

Be on the look-out for registration and additional conference information.

### Recipe of the Month

St. Patrick's day is almost here, which means it's time for some beef stew! This [Beef and Guinness Stew](#) is a great way to celebrate the day.

Have a recipe you'd like to share? Let us [know](#) and we will feature your recipe in an upcoming newsletter.
