

## Introduction to RMS Training

Are you new to the world of GME and the Residency Management Suite? Do you have new program staff? Could you use a refresher course in RMS? The Introduction to RMS and GME Payment training covers the following:

- GME payment process overview
- Introduction to New Innovations
- Creating academic years
- Rotations: view existing rotations; add new rotations; naming standards
- Block schedules: understanding how it impacts other areas of the software; how to create block schedules
- Assignments: viewing; modifying; creating new assignments; naming standards

## Conferences Training

This training is designed to provide instruction in managing conferences and didactics for your program in RMS. Using the Manage Conferences page, you can oversee all of your conferences in one place and view their statuses at a glance. There are also options available for scheduling, communicating, evaluating and reporting the educational experiences your program offers.

## New Innovations

For New Innovations updates, click on the link located in the *NI Alerts and Information* box on your NI home page.

## Coordinator Conference

Thank you to all that attended the 2017 GME Coordinator Conference on September 15th. The presentations can be found on our website at: [2017 Conference](#).

## RMS Training Sessions

10/11/17	<a href="#">Introduction to RMS</a>
10/19/17	<a href="#">RMS Work Session</a>
10/24/17	<a href="#">Conferences</a>

To ensure adequate staffing, registration is required for all sessions. If individual training is needed, please email RMS Help.
